List each partner's programs providing service through Virginia's Career Works Center: If the allocation is for a Comprehensive Center, at minimum, all partner programs as required by the Virginia Combined State Plan must be included.

-Once program is inserted in Column A row within table above, the balance of the spreadsheets will be automatically populated with the program name information. The balance of the spreadsheets should be formated appropriately to display the information.

**Square Foot Occupied** is the sum of the floor area of each office, work station, or other room or space that is assigned to or reserved for the use of one or more partners rather than being shared by all.

**# OF POSITIONS** are the # of staff that each program has dedicated to the One-Stop Center. The # OF POSITIONS are represented in full time position equivalence in relation to 40 hour workweeks. The formula to determine the # to enter is: **# of hours per week that a program staffs the One-Stop Center/40 (full time workweek hours).** 

**Customers Receiving Service** are the # of people served by each program either at, or through the One-Stop Center. Includes customers received by the One-Stop Center who received services from multiple programs. These customers will be counted by each program serving them.

#### ONE-STOP COST CENTER BUDGET FOR PROGRAM YEAR 2024 (July 1, 2024 - JUNE 30, 2025)

Is this a Comprehensive Center?

1	Allocation based on number of staff
2	Allocation based on square feet occupied
3	Allocation based on number of customers served

Note: This spreadsheet allocates costs based on a suggested allocation method (see color key above). Partners may agree on a different basis for allocation, as long as it is appropriately supportable and applied consistently. If a diferent allocation method is applied, the percentages on the Partner Information tab must be revised to reflect the agreed on basis.

List each partner's programs providing service through Virginia's Career Works Center: If the allocation is for a Comprehensive Center, at minimum, all partner programs as required by the Virginia Combined State Plan must be included.

-Once program is inserted in Column A row within table above, the balance of the spreadsheets will be automatically populated with the program name information. The balance of the spreadsheets should be formated appropriately to display the information.

**Square Foot Occupied** is the sum of the floor area of each office, work station, or other room or space that is assigned to or reserved for the use of one or more partners rather than being shared by all.

**# OF POSITIONS** are the # of staff that each program has dedicated to the One-Stop Center. The # OF POSITIONS are represented in full time position equivalence in relation to 40 hour workweeks. The formula to determine the # to enter is: **# of hours per week that a program staffs the One-Stop Center/40 (full time workweek hours).** 

**Customers Receiving Service** are the # of people served by each program either at, or through the One-Stop Center. Includes customers received by the One-Stop Center who received services from multiple programs. These customers will be counted by each program serving them.

Is this a Comprehensive Center?

2	Allocation based on square feet occupied
3	Allocation based on number of customers served

Note: This spreadsheet allocates costs based on a suggested allocation method (see color key above). Partners may agree on a different basis for allocation, as long as it is appropriately supportable and applied consistently. If a different allocation method is applied, the percentages on the Partner Information tab must be revised to reflect the agreed on basis.
